Boise Rainwater Has Highest Levels of Radioactive Material in US

"Elevated levels of radioactive material in rainwater have been expected as a result of the nuclear incident after the events in Japan since radiation is known to travel in the atmosphere precipitation data collected by EPA in the states of California, Idaho and Minnesota have seen elevated levels of radiation in recent precipitation events." – *As expected, the clouds are carrying Japan's toxic water around the world. Worse yet, those nuclear reactors are still spewing radiation everyday keeping this as a clear and present danger. Are you a Christian? Then you can claim the promise of Psalm 91:10 and have a settled heart filled with peace. Not a Christian? Don't expect the Lord you deny to protect you, and don't expect to have any peace in your heart. In fact, it is your fear that was prophesied to be constant in these last days as the calamities increase. Oddly enough, that fear will eventually boil to a point where Satan will be able to convince you that we, the real Christians, are to blame somehow for all the calamities on earth because we refuse to bow Rome's man-made Sabbath. No matter, we expected that as well, for it too was prophesied by the same God that grants us that peace you so crave. Would you like that peace? There is still time you know. Cows produce 'human' breast milk due to genetic modification

"Researchers reportedly used cloning technology to mix human and cow DNA to achieve the bizarre feat, London's Telegraph reported Sunday." – *Mixing humans with cows is by far the most satanic thing mankind has ever done to date as far as I can see! As we know, man was created in the image of God. Like homosexuality, human/cow hybrids soil that eternal image. This is exactly what Satan's going for here. May God have mercy on their souls.* Apr 04 11, 02:04:21

Anger over Quran burning spreads in Afghanistan

"Anger over the burning of the Muslim holy book at a Florida church fueled a second day of deadly violence half a world away in Afghanistan, where demonstrators set cars and shops ablaze Saturday in a riot that killed nine protesters, officials said." – *These Muslims also beheaded two U.N. officials over an American pastor burning the Koran. I have to ask. How is this a religion of peace when they kill people for burning a mere book? Christians for example have never been known to kill anyone for burning their Bibles, yet Christians are considered violent and Muslims peaceful? "Woe unto them that call evil good, and good evil; that put darkness for light, and light for darkness; that put bitter for sweet, and sweet for bitter!" -Isaiah 5:20* Apr 03 11, 12:04:35

U.N.: Elected Christian leader must be ousted for Muslim

"They are being supported by United Nations and U.S. efforts, even though the nation's own constitutional process affirmed Christian President Laurent Gbagbo's election victory. Already Arab revolts have spread across North Africa and the Middle East. Libya is involved in what could be called a civil war, and Yemen appears about to enter one. Now, in the Ivory Coast, forces of Muslim-backed Alassane Ouattara from the northern part of the country have taken over the capital, Yamoussoukro, just as the U.N. Security Council has voted to impose sanctions against the country until its current president, Gbagbo, relinquishes power." – *Notice this. Muslims in America declare "let's work together with Christians" right? And Rome, with her ecumenical push says we need to work together with Muslims. But in every Muslim nation that is on record as bowing to Rome, real Christians are killed daily, and in this nation a Christian president is being forced out. That being said, can you now see that Muslims, like the Roman Catholic church, are nothing more than political entities that will lie to push forth their agenda? By their fruits we can know that Satan is the God of the liar. When speaking of such people Jesus said in John 8:44, "Ye are of your father the devil, and the lusts of your father ye will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it."* Apr 03 11, 12:04:35

Westboro Baptist Church Wins Supreme Court Appeal Over Funeral Protests

"The Supreme Court ruled Wednesday that a grieving father's pain over mocking protests at his Marine son's funeral must yield to First Amendment protections for free speech. All but one justice sided with a fundamentalist church that has stirred outrage with raucous demonstrations contending God is punishing the military for the nation's tolerance of homosexuality." – *Why does the Supreme Court allow these Baptists to preach vile hatred for their fellow man, but remove the rights of real Christians that preach Bible facts? It's because they know letting these Baptists spew hatred will generate even more hatred for Christians, while at the same time gagging the real Christians prevents the public from realizing we are nothing like these Baptists. It's all part of Rome's plan to make the true Christians an easy target when the death sentence in legislated regarding the mark of the beast.* Apr 03 11, 12:04:35

Google making app that would identify people's faces

of people's faces in order to access their personal information, a director for the project said this week. ...Just as Google has crawled trillions of Web pages to deliver results for traditional search queries, the system could be programmed to associate pictures publicly available on Facebook, Flickr and other photo-sharing sites with a person's name, Neven said. "That we could do today," he said." – *One more reason to get off Facebook! Why make it easy for them?* Apr 01 11, 02:04:44

School bans 'gay cure' seminar

"Brisbane - A Catholic school in Australia has banned a "curing homosexuality seminar" set to be held at its campus, sparking claims of discrimination, a report said on Friday." – *Why would the Vatican ban a seminar that would help people come out of the evils of homosexuality? It's because prophecy stated long ago that the Vatican would be home to the largest organized homosexual political entity on earth in the last days. They cannot allow seminars that prove the majority of Roman Catholic prelates are possessed by demons hell-bent on using men who are created in the image of God to soil that image. Click here for more info on the fruits of schools today.* Apr 01 11, 02:04:43

14 year old girl lashed to death for adultery

She was beaten and raped by a Muslim man, yet the religious leaders sentenced her to 101 lashes for adultery. She collapsed after 70 lashes and died a week later from her torture. Worse yet, they recorded her death as a suicide to prevent any problems for those that killed her or the man that raped her. And still some high profile leaders declare Islam a religion of peace? No, not at all. The fruit of this religion is an exact duplicate of Inquisitional Roman Catholic priests. And rightly so. Roman Catholic priests invented Islam long ago. Apr 01 11, 02:04:43

Disney animator: 'Gay' characters only matter of time

FYI: "It's only a matter of time and circumstance before Disney movies feature homosexual characters or "families," according to one of the company's animators." – *This is News? Fact is, Disney has been placing all sorts of perverted sexual innuendos in their animations for years now. In fact, most Christians have been boycotting Disney for decades.* Mar 30 2011, 12:41:06

Former Obama Press Secretary Gibbs May Join Facebook Executive Branch

FYI: "He's no longer a part of the Obama administration, but Robert Gibbs may still be young and insidery enough to interest Facebook, which is reportedly in talks to hire President Obama's former press secretary for a senior role managing the company's communications." – *Ok, now I hope some Christians that are still using Facebook will finally start to see the real truth about Facebook and the government's strange interest in it. One can only hope.* Mar 29 11, 13:57:52

Officials monitor radiation in U.S. air, rainwater

"Low levels of radioactive iodine believed to be from Japan's Fukushima nuclear power plant have been detected in the atmosphere in South Carolina, North Carolina and Florida, officials said on Monday." -Perhaps those that feel I was being overly concerned about Japan's radioactive plumes on the other side of the Pacific eventually making it into the American atmosphere will finally see the dangers I saw with all this. The basic reality is, clouds are also in the atmosphere. Clouds are nothing more than water vapors. Water is in fact affected by radioactive isotopes. Clouds can actually hold onto that water for days, weeks or even months as they slowly drift around the world. Now do you see how disease and pestilence can be spread as prophecy declared it would in our day? By the way, they found low-level radiation in Massachusetts rainwater as well. Soon that radioactive water will have the chance to rain on literally any nation around the world. Air current moves much faster than water currents. Still, remnant Christians have little to fear. Why? See Psalm 91:10 Mar 29 11, 13:57:52

Libya bombing an attempt to create 'New World Order'?

"The author of a military doctrine used by the Obama administration to justify the recent airstrikes targeting the regime of Moammar Gadhafi in Libya recently advocated for a "global rebalancing" and "international redistribution" to create a "New World Order." – *Don't you just love it when the media actually admits that which we have been saying all along? Christian prophecy is so amazing!* Mar 29 11, 13:57:52

Joining hands in the name of peace

"The International Day of Peace, a celebration of interfaith relations and the common good, attracted about 400 people, including those of less familiar religions such as Islam, Sufi and Seventh Day Adventist, who shared celebrations of peace from their traditions." – *Was it not prophesied that Antichrist will destroy many using his false version of "peace?" What's really strange is the SDA church, who was known in the 9th hour movement as being used of God to expose Antichrist have now joined forces with Satan. For more rock hard evidence on this, including videos, pictures, prophetic Scriptures and Spirit of Prophecy statements the SDA church refuses to share with their members. GOP frontrunners recruit pastors for front lines

"Iowa Over 600 pastors, ministry leaders and their spouses in the key election state of Iowa this week were challenged by high-profile political leaders to renew their influence on American government and once again make the USA "one nation under God."" – *Amazing how accurate Christian prophecy is, isn't it? We have been telling people for years this was in the works, and now we see our Lord glorified yet again! Soon there will be a "godly" candidate and it will be easy for the 501C3 churches to push that candidate to enact Sunday Laws to try and stop the Loud Cry. What amazes me is how most people will still ignore this. So be it. That too was prophesied.* Mar 27 11, 13:52:35

US Jesuits agree to school sex abuse pay-out

"An order of US Catholic priests has agreed to pay \$166.1m (£103.3m) to hundreds of Native Americans sexually abused by priests at its schools." – *Will this make some Catholics finally leave the church now that yet another massive pay out has been ordered wherein their tithes are going to pay for child rape instead of spreading the Gospel? Yes, some will leave. But only those that have a true desire to please God. The rest will stay in no matter what. So.. how bad is it in this church regarding child rape? Google apologises, deletes sensitive data

FYI: "France's privacy watchdog has handed down its largest fine ever against Google for improperly gathering and storing potentially sensitive data from Wi-Fi networks for its Street View application." – *What the article fails to mention is that last year Google agreed to hand over all data files to the U.S. Government if and when they ever needed it to capture criminals. Judging by how things usually run in D.C., Google deleting it, isn't going to matter one bit.* Mar 27 11, 13:52:35

Smartphones to track TB patients

"The government will make increasing use of technology such as smartphones and online maps in the fight against TB, the health department said." – *C-O-N-T-R-O-L is the main agenda here. First they will track TB patients, next patients with STD's, next, alcoholics, next... someone with the common cold? Can you see this being used on Christians fleeing for their lives soon?* Mar 27 11, 13:52:35

'Lie down so we can finish you': Police shot men at point-blank range in middle of street

"Witnesses who watched the execution take place say they heard one of the officers shout: 'Lie down so we can finish you.' The other officers then allegedly opened fire at the men at point-blank range. An observer lost count of the shots fired but said they were 'sustained'." – *In the last days, even those ordained to protect and serve will become murderers as we see here. Satan knows his days are numbered, so, "Be sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour."* -1Peter 5:8 Mar 25 11, 12:36:48

Florida judge using Islamic law to decide case

"A Florida state judge has determined that Islamic law, or Shariah, will be used to determine the validity of an arbitration in a dispute between factions in a mosque. The decision comes from Hillsborough Circuit Judge Richard Nielsen. While it involves only an internal dispute at the Islamic Education Center of Tampa, concerns are being raised about use of any Islamic religious law in the United States." – *We now have Shariah Law in the USA! And once this case is on the books, Rome knows they can use it against Christians that refuse to bow to her mark. As prophesied, many of us will be arrested for crimes we never committed. I am sure some of those crimes will be fabricated to the point wherein the "crime" appears to be against a Muslim, this way Shariah law can be used against the Christian. No matter.. Jesus is STILL coming back.* Mar 23 11, 11:51:56

Church hopes to pack pews for Easter cash giveaway

"Last year, the Lindenwald Baptist Church held its first "1,000 Strong Easter Celebration Give-Away," in which it offered a \$1,000 cash. \$500 each to a member and a guest to boost Easter Sunday attendance." – *The Word says if Christ be lifted up HE will draw all men unto Him. But the churches of today do not lift up Christ. They are all about money. So it's normal that "preachers of filthy lucre" such as this pastor will look to money to draw people into their churches. This is just one more sign of the times we live in.* Mar 23 11, 11:51:56

Mouse-Pig & Super-Fish Seek Approval for Human Consumption

"The federal government is refusing to say whether it is close to approving genetically modified animals for human consumption. But if they do, you may never know it. So far, groups have applied to get approval for fish that grow twice as fast as normal, and pigs with mice DNA spliced into them." – *There has never been a better time to go Vegan than today! Soon certain meats will be so mixed up with strange and unclean animals that each morsel will defile the body. But then, it was prophesied many of those slated for Hell will be pig and mouse eaters in our day.* Mar 23 11, 11:51:56

County defies state's ruling, taxes church \$50,000

"In 2006, the church purchased property for its worship facility and filed the paperwork for tax-exempt status with the county's assessor. But the assessor delayed the paperwork, refusing to grant exemption until the congregation filed a 501(c)3 determination letter from the Internal Revenue Service, despite the fact that Section 508(c) of the Internal Revenue Code exempts churches from the requirement to apply to the IRS for recognition of exemption." – *In other words, since the church is helping people in the community with food, clothing, showers, and advice, the government wants to control it by forcing a 501C3 upon them. This is all besides the fact the constitution clearly states you don't need one if you're a church. Why are they pushing the 501C3? Glenn Beck warns: 'The perfect storm' is beginning

"Here is the most dangerous thing I could say on the radio or on television," Beck said. "God is the only answer. There is no hope, there is no victory without a people that understand light, goodness and God." – *Years ago I shared how Rome will fabricate a way to get "God back in America" did I not? Being a student of prophecy, as many of my subscribers are, this would be very hard for any of us to miss. Problem is, most churches don't teach prophecy like the remnant church does. Most church goers don't realize what Beck is doing was actually prophesied long ago. His version of "God" is light years away from the Bible's version. It coincides with Rome's version as well as 99% of all the churches out there. So, expect a so called "godly" person to stand in high office in the government soon so as to assure Rome has their ace in the hole. Especially since Beck and others like him are claiming the Muslim Mahdi to be the Biblical Antichrist. This proves hands down Rome is behind this. After all, prophecy clearly states the Popes of Rome are the biblical Antichrist. As they did so in the past, they are going to make everyone look elsewhere for Antichrist so they can do what prophecy said they would do. Since most church goers don't understand prophecy, they will easily go forward in their plans. In short, if you don't study real Bible prophecy, you are in for a very frightening awakening. Problem is, for most, once they finally see the truth on such things, it will be too late. That too was prophesied.* Mar 22 11, 13:52:47

High Earthquake Risk Now Imminent Say Two Leading Experts

"American earthquake forcaster Jim Berkland warns of a "high risk" seismic window and potential for a massive quake poised to strike somewhere in North America between March 19th to 26th 2011." – *Basic reality in today's world is that no one can predict earthquakes even with the technology we have at present. To predict a quake within a week has never been done, nor can ever be done. However, there is technology that can actually create earthquakes. That being the case, will the powers that be create a massive quake in the Midwest (as rumored) so as to make their science of predicting look valid, while at the same time create a need for more control? Time will tell rather quickly as we only have 4 days left before March 26 arrives.* Mar 22 11, 13:52:47

'Real death panels' set to face heat in Congress, courts

"The board would cap the total amount of money Medicare recipients could get for care. Roe, a practicing doctor before he entered politics, said that means health care decisions will end up being based solely on cost, instead of what the best possible option is for Medicare patients." – *In other words, as discovered when the Obamacare first came into being, if it is too costly to cure you, they will suggest suicide as a dignified way out of the bill. This is where our God shines the most! When the signs start to follow His people as prophesied, the sick will have no choice but to seek God out. He will heal them just as prophec says He will. The truth here is, the evil politicians behind Obamacare will actually help glorify God when those they slate for death are healed by our God. Ironic? Amen to that!* Mar 22 11, 13:52:47

CAIR sues Oklahoma for banning Islamic law

"The Oklahoma chapter of the Council on American-Islamic Relations announced today it will file a lawsuit challenging the constitutionality of a state ballot measure that bars judges from considering Islamic law in any ruling." – *Don't expect this to go away anytime soon. Rome invented Islam, many Christian churches are embracing it, the SDA church has their students worshipping Allah in Mosques, and some States are dealing with Shariah Law in the courts every week. That much influx of Islamic activity proves the prophesied agenda of Rome cultivating an organization to kill true Christians is well on its way to fulfillment. So be it. We are that much closer to Home! Maranatha!* Mar 21 11, 13:13:00

USA attacks Libya!

"Military strikes by the U.S. and its allies against targets in Libya Saturday have "severely disabled" Libyan leader's Muammar al-Qaddafi's air defenses, a U.S. official confirms. ...The Pentagon says 112 Tomahawk cruise missiles have been launched from U.S. and British ships in the Mediterranean, hitting more than 20 Libyan targets along the Mediterranean coastline." – *Do we need any more evidence the USA is doing Rome's bidding? The EU was forced by Rome to draft a new constitution not too long ago that allows for Vatican control. As prophesied, the Middle East must do so as well. All these so called spontaneous riots and demands for new constitutions directly after the EU gets there new constitution is more than a little obvious. But for Obama to strike at Libya because Gadhafi won't resign like all the rest did, proves the puppets in D.C. have no choice but to bow in worship the Pope. By the way, this will also help to further destroy our economy now that we are fighting three wars. Compile that with nature running amuck in the following years causing food prices to sour and you have the perfect environment for Rome to "help" the people under certain conditions. And what are those conditions? Visit <http://www.remnantofgod.org/mark.htm>.* Mar 20 11, 12:14:13

Gender-neutral bible draws critics

"In the old translation of the world's most popular Bible, John the Evangelist declares: "If anyone says, 'I love God', yet hates his brother, he is a liar." Make that "brother or sister" in a new translation that includes more gender-neutral language and is drawing criticism from some conservatives who argue the changes can alter the theological message." – *Yes, it can change the message especially when it speaks of homosexuality. Satan knows the Word of God is powerful. This is why he has attacked it with all the bogus Bibles out there. He doesn't care if you claim Jesus Lord, as long as it's his version of Jesus. And yes, this "other Jesus" being preached was also prophesied to be one avenue of his attack on God's people in the last days.* Mar 18 11, 14:42:17

How an MP3 can be used to hack your car

FYI: "Through this, they were able to hijack the car, allowing the researchers to disable the brakes, turn the engine on and off, and control electrical systems such as the odometer, lights, climate control, radio and locks. ... If the car had a self-parking system, it could in theory be driven away by the hacker." – *Ah yes.. isn't technology wonderful? Now criminals have so many new avenues to attack. Even here, being a Christian that has a large hedge of angels about them has its blessings.* Mar 18 11, 14:51:51

Christian Pakistani jailed since '02 for blasphemy dies

"David, in prison since 2002, was sentenced for allegedly sending derogatory text messages about the Prophet Mohammad, though his lawyer maintains that the charges were motivated by a business rivalry. He was 55 years old and the father of four sons." – *A peaceful religion? Not in the least. Their fruits shout boldly the exact opposite. And rightly so as it was the violent men of the Vatican that invented this religion.* Mar 17 11, 13:19:32

U.S. wholesale inflation surged in February

"Wholesale prices surged last month at their fastest pace in just over 1-1/2 years due to higher energy costs and the steepest rise in food prices in 36 years." – *The powers that be will do all they can to make life miserable for the common man as prophesied. Raising foods prices will also cause many to go on welfare just to eat. This will grant the government even more power over them. As for the Christians, we know our Father provides for us, so let them do as they wish. Their actions alone will cause even more people to eventually get on their knees seeking Christ. Especially after the signs start to follow God's people!* Mar 16 11, 12:59:22

'Seal my lips': No new Census

"Melanie Palazzo, the organization's congressional action program director, said the survey is sent to some 3 million addresses each year and threatens, under penalty of fines, that residents must provide information such as "how many bedrooms do you have" and "how much is your water bill a month." – *Can you read between the lines to see a prophetic reason for all this? The next "official" census is set for 2020. As students of prophecy we know the mark of the beast is to be enforced soon. How soon? No clue. We no longer have "dated" prophecies. We do know what happens next, yes. But when? No. So, could they use a census to see who will answer the question campaigned by the Vatican regarding Sunday Laws? Yes, they could very easily. Especially since the census already forces citizens to comply now. The many strange questions in the long form 2010 census was a testing of the waters to see if the people would balk at the invasive questions. As usual, many unsuspecting souls helped the Vatican see that most people will allow them to invade their privacy. No, it's not entirely their fault either. Yes, it's mostly because most don't study prophecy, but compile that with all the fluoride in the water, aluminum in the air and toxins in the foods, we see the powers that be have been able to foster a very large crop of citizens that will help them push forward Rome's agenda just as prophesied. By the way, what they weren't able to get on the long form Census they have gotten elsewhere. Most that refused to fill out the long form have filled out all the questions Rome asks on Facebook.* Mar 15 11, 13:01:41

Volcano erupts in Japan

"It is being speculated that the volcano's activity is linked with the 8.9 magnitude earthquake which struck Japan, but as of now nothing can be said for sure. The volcano is actually located on the ring of fire, and it lies 950 miles from the epicenter of Friday's earthquake." – *Earthquake, Tsunami, Nuclear meltdown, and now a volcano erupts? And still some say Christian prophecy is not worth studying?* Mar 14 11, 13:52:26

Border Patrol nabs 100s of terror-linked illegals

"Hundreds of illegal aliens from terror-linked nations such as Saudi Arabia, Yemen, Pakistan, Iran and Syria have been nabbed by the U.S. Border Patrol sneaking illegally into the country, and an organization that monitors government's actions and prosecutes malfeasance says given Barack Obama's record on border security, it's not a surprise." – *Let's see.. riots in Wisconsin, animals dying coast to coast, unemployment near 20%, we are in 2 wars and working on #3, economy is failing, food and gas prices are rising, a Muslim is in the Oval Office, hundreds of earthquakes are*

occurring, forest fires are raging, tornadoes in Winter, chemtrails are poisoning the soil and people, unjust laws are passed often, police brutality is frequent, crime rate is insane, numerous corrupt government agencies are caught red handed on camera, Homosexuals are getting married, heterosexuals are getting divorced, millions of babies have been murdered, Politicians are laughing, priests are raping boys, disease is rampant, the AMA is killing people, millions of illegal aliens are living off our tax dollars, and now many of the illegals are flooding in from terrorist countries? Yes, it looks like the prophesied anarchy is very soon in coming. Need another reason to get out of the cities? Mar 14 11, 13:53:53

Courts have 'special animosity' for Christians

"An attorney for a Christian couple who faced religious discrimination in their request to provide foster care says there's no point in appealing a stunning decision that accused them of "infecting" children with their beliefs, because the nation's legal system is skewed against Christianity." – *Still, do Christians give up? No. Even though the courts persecute us we still have a work to do. This is why many of us will be called to stand before magistrates that never heard the Truth as it is written in the Word. That judge was blessed with the chance to hear the truth from those Christians. Sadly, this judge denounced it all. There are many more that need to hear and decided as well. So expect more and more Christians to be persecuted in our day. Stand firm brothers and sisters, our Lord has promised to be with us always, even to the end of the world!* Mar 13 11, 10:58:37

Pope: Jesus was not a political revolutionary

"He wrote that Jesus "does not come as a destroyer. He does not come bearing the sword of a revolutionary." – *As usual, the Pope is mixing truth with lies so as to play the "moral" card as well as build his foundation for Sunday Laws. But then that too was prophesied to be his main weapon of choice, that being "craftiness," so as to lure billions to Christ-less graves. In regards to Jesus coming as a destroyer, has the Pope not read 2 Thessalonians 2:8 wherein it says, "And then shall that Wicked be revealed, whom the Lord shall consume with the spirit of his mouth, and shall destroy with the brightness of his coming:" Yes, he probably did read that, but he prefers to turn that around so as to make the prophesied incarnation of Satan impersonating Jesus as "the Christ" to appear more believable for the masses he's already conditioned spiritually. That way when this "Jesus" of his demands Sunday Laws, most will bow in worship. As prophesied, Antichrist will come bearing gifts, love, peace, healings, joy and happiness for all those reveling in the sins of Roman Catholic theology. For those that seek to follow the real Jesus Christ, he will bring upon them his eternal hatred, force them to lose their jobs, and eventually their lives if they refuse to bow to his false Sabbath. The Bible clearly says when the real Christ comes, He will destroy the wicked on that day. But Rome is suggesting the exact opposite. Why? The Pope is setting the stage for Antichrist. As for the Sword of the Lord. Both edges of this Sword speaks quite boldly against every lie of Roman Catholicism in all 66 books of the Bible. Soon every soul on earth will know the truth about Babylon and all her sisters in overwhelmingly graphic detail. As for the pope suggesting he personally emulates Christ in a separation of politics and religion, this is the ultimate in bold faced lies, and we once again have him doing so in writing! Yes, Christ did separate the church & State perfectly. Of this we know from reading Matthew 22:21. But the Pope has mixed the two since day one as is historically documented since 538A.D. and is verified by every history buff since time began. Hence, the "woman on the beast."* Mar 11 11, 14:04:28

Q&A Sabbath Sermon Produces Overwhelming Response!

On April 2, 2011 the on-line SDR Sabbath Service conducted a Q&A Sermon answering questions from Congregation Members who emailed their questions prior to the service. In attendance were 91 families via the Conference Room (chat), teleconference, and WTPR radio. Pastor Nicholas (of Presents of God Ministry, www.remnantofgod.org), and Elder Robert Sessler (of Let There Be Light Ministries, www.lightministries.com), took turns answering the questions received. The service was quite meaningful to attendees, as Pastors Nic, and Elder Rob provided detailed answers to the questions submitted. This allowed all of the congregation to receive the blessings of these enlightening answers, as many of us have similar questions. Many of the questions required elaborate explanation, which pushed the service over the normal scheduled time. Some of the submitted questions remained unanswered, inspiring us to plan for a "Q&A Sermon Part 2," which will be held on Sabbath Service sometime before the end of this month (April). If you missed "Part 1" you can listen to the service at the Seventh day Remnant Home Church archives at: <http://www.remnantofgod.org/sdrhome.htm>. Have a question you need answered? Email your question through our "contact us" link at the Presents of God ministry web site.

The real-time feedback in the chat room during this service is a testimony to the blessings attendees received. It is our prayer that this format will be used periodically in future services so we can continue to provide God's answers to our members and participants.

God Bless, *Pastor Nicholas*

Recently we have begun to convert many of my manuscripts from the main web site (RemnantofGod.org) into booklet format. These booklets will serve as one more tool to bless those trapped in darkness. Our tracts are also available in printed format as always. If you are interested in receiving any of this material, please detach this form along with a donation of any amount (to help cover the cost of printing and shipping), and mail to: Presents of God Ministry, P.O. Box 522, Fowler, Indiana 47944. Or use the self addressed envelope enclosed. We will joyfully send out your requested materials.

Please choose from the list of available Booklets and Tracts on the reverse of this form.

Cabbage, "Sausage," and Dumplings - Easy and delicious!

- * 1/2 cup Earth Balance butter
- * 1 onion, chopped
- * 1/2 head green cabbage, chopped
- * 1/2 head purple cabbage, chopped
- * 1 TBL soy sauce
- * Vegan Sausage (3 - six inch links)
- * 1 cup flour
- * 1/2 Tsp sea salt
- * 1/2 cup water

Bring a small pot of water to a boil. Mix the flour, water and sea salt together into a dough. Drop the dough by small spoonfuls into the boiling water and cook until firm; drain.

Slice the sausage into 1/2 inch pieces and lightly brown in Canola oil. (we use "Field Roast" Smoked Apple Sage Sausages, but any favorite can be used).

Melt the butter in a skillet. Cook the onion and cabbage in the butter over medium-high heat until the cabbage is translucent.

Add the dumplings and sausage to the cabbage mixture. Season with salt and pepper to serve.
